

ACKNOWLEDGEMENTS

The programmes *Teaching Astronomy and Space* were produced by Glasshead, with generous funding from the Science and Technology Facilities Council, on behalf of The Institute of Physics and Teachers TV.

We gratefully acknowledge the people and organisations who have allowed us to include their images and footage in these videos and in the teaching resources.

- European Space Agency - ESA
- ESA / Hubble
- The Hubble Heritage Team (STScI/AURA)
- European Southern Observatory (ESO)
- NASA / courtesy of nasaimages.org
- NASA / JPL-Caltech
- NASA / Goddard Space Flight Center
- NASA / CXC / GSFC / D Berry
- NASA / WMAP Science Team

Models of the Solar System:

- Michael Stegina/Adam Block/NOAO/AURA/NSF
- Damian Peach

Asteroids and Comets:

- Sandia National Laboratories
- Tom Chandler

The Sun:

- SOHO (ESA & NASA)
- STEREO (NASA)
- SDO (NASA)
- Hinode (JAXA/NOAJ/NASA/STFC/ESA)

The Electromagnetic Spectrum:

- DSS/Wikisky
- ROSAT (Max Planck-Institut)
- WHAM/VTSS/SHASSA/Finkbeiner

Exoplanets:

- SuperWASP consortium
- N.A.Sharp, NOAO/NSO/Kitt Peak FTS/AURA/NSF

How Big is the Universe?:

- Robert Gendler
- Jason Ware

Teaching resources

NSO resources © National Schools' Observatory and Liverpool John Moores University
LTImage © Dr Andy Newsam

We would also like to thank David Bowdley for his work on the teaching ideas and the associated support material. In addition, thanks go to Sarah Llewellyn Davies and the staff and pupils of Castell Alun High school for their enthusiastic involvement in the production of the teaching idea clips.
