

Visiting the library

The National STEM Centre houses the UK's largest accessible library of resource materials to support the teaching and learning of science, design & technology, engineering and mathematics. The collections range across science, design & technology, engineering and mathematics for the 5 – 19 age group. Alongside contemporary resource materials including print, multimedia and practical resources, is a growing archive collection, which showcases several decades of curriculum development.

The collections are currently available for visitors to view onsite. Anybody can arrange to visit the physical library. Please contact us with at least 48 hours notice of your visit via email to enquiries@nationalstemcentre.org.uk, and a member of the team will be in touch to finalise the details of your visit.

Whilst at the Centre you are also welcome to make use of our meeting room facilities, together with hot-desking facilities, internet access via visitor laptops, photocopying and printing facilities.

Directions

Travel directions are available here: <http://www.nationalstemcentre.org.uk/contact/>

Opening hours

The opening hours for the library are as follows:

| | |
|-----------|---------------|
| Monday | 09:00 – 18:00 |
| Tuesday | 09:00 – 18:00 |
